

Dr. Prudent

Jim Prudent joined Centrose in 2007 bringing over 20 years of experience in biotechnology start-ups Companies. Prior to Centrose, Dr. Prudent served as Chief Scientific Officer and Member of the Board of Directors at EraGen Biosciences. As CSO and Board Member, Dr. Prudent was an essential part in funding raising (Investor and Federal Grants) of over \$26 million. He was responsible for technology and product development in the areas of cancer, infectious disease, cardiology, cystic fibrosis and general life science. Before EraGen, he worked at Third Wave Technologies (NasdaqGM:TWTI) where he co-invented the Invader[®] Technology. Dr. Prudent was an integral part of transforming that technology into a multi-million dollar molecular Diagnostics product line. Prior to TWTI, Dr. Prudent worked for IGEN International where he pioneered new methods of rapidly producing monoclonal antibodies. He has authored numerous publications, invented/authored numerous issued and applied for patents and he was recently the recipient of the Frost and Sullivan 2005 Product of the Year Award and the Innovation Award at BIO 2006. Dr. Prudent received his M.S. and Ph.D. in Chemistry at the University of California – Berkeley under the direction of Peter G. Schultz and his B.S. in Bacteriology and Medical Microbiology at the University of Wisconsin – Madison.
